HENRY'S INVIGORATING CORDIAL. DURELY Vegetable in its composition.-This

invaluable Cordial is extracted from Herbs and Rerts, which have been found after years of experience, by the most skillful physicians, to be eseased of qualities the most beneficial in the seases for which it is recommended; and hence, whilst it is presented to the public as an effica-cious remedy, it is also known to be of that char-acter on which reliance may be placed as to its safety. In cases of Impotency, Hœmorrhages, Disordered Sterility, Menstruation or Suppression of the Menses, Fluor Albus or Whites, or for

Debility arising from any canse, such as weakness from sickness, where the patient has been confined to bed for some time for females after confinement, abortion or miscarriage this confinement, abortion or miscarriage, this pordial cannot be excelled in its salutary effects; or in loss of muscular energy, irritability, physical prostration, seminal weakness, palpitation of the heart, indigestion, sluggishness, decay of the procreative functions, nervousness, &c., where s

reative functions, hervousness, &c., where a ronte medicine is required, it will be found equal if not superior to any compound ever used.

To Females.—Henry's Invigorating Cordial is one of the most invaluable medicines in the many complaints to which females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease, and unhappiness among ladies would exist, were they generally to adopt the use of this cordial. Ladies who are debilitated are restored by the use of a bottle or two to bloom Young Men.-That solitary practice, so fatal to

the existence of man, and it is the young who are most apt to become its victims, from an ignorance of the danger to which they subject themselves,

Nervous Debility, weakness of the system, and premature decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves premature impotency, involuntary seminal emissions, weakness and shrivelling of the genital organs, nervous affection, or any other consequences of unrestricted indulgence of the sensual pussions, occasioning the necessity of re-nouncing the felicities of

Marriage, lessening both mental and bodily capacity, hold! Heary's Invigorating Cordial, a medi-sine that is purely vegetable, will aid nature to restore those important functions to a healthy state, and will preve of service to you. It possesses rare virtues, is a general remover of disease, and strengthener of the system.

As a Tonic stedicine, it is unsurpassed. We

do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of recommendations, certificates, &c., begin-ning with "Hear what the Preacher says," and and with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial" only needs a trial to prove that it will accomplish all we say.

The Genuine "Henry's Invigorating Cor-

dial" is put up in eight oz. pannel bottles, and is easily recognised by the manufacturer's signature on the label of each bottle, (to counterfeit which is forgery.)

NOTICE TO U. S. MAIL CONTRACTORS AND THE PUBLIC.
AUDITOR'S OFFICE, POST OFFICE DEPARTMENT,

TT HAS BEEN LONG THE PRACTICE of this office to pay the drafts drawn and nego-tiated by contractors for carrying the United States mails, for the amounts, respectively, of their quarterly pay. It was established to accommodate the contractors, and meet their necessities, in advance of the regular and slewer process of pay ing by the drafts or warrants of the department and was intended only to apply to one draft per route from each contractor for the whole amount, (deducting fines, collections, &c.,) of his quarterly pay; but it has been, and is quite generally so misunderstood, as to be supposed to allow any number of drafts, and for any amount, not exceed-ing in the aggregate, the contract pay for the quarter. A privilege conceded for accommodation (for it was never anything more) has thus been made to embarrass materially the business of this office. forced upon it the settlement of the private ac-counts of contractors, and thrown upon the exchanges of the country, with a quasi sanction of this office, a species of paper currency unauthor-It not unfrequently occurs, too, that this office is

exposed to great and unnecessary risk in determining upon the genuineness of the signatures to the assignments or endorsements of the various persons through whose hands these drafts are

nade to pass before their presentation.

It is therefore deemed proper to give this public notice to contractors, and all concerned, that from and after the 1st day of January, 1554, but one draft for the pay upon each route per quarter will be payed, or filed for payment, in this office. This draft should state upon its face, that it is the only one for the quarter and the route (both to be specified) on which it is drawn; and the signature there to should be attested by the postmaster at the place where it may be drawn, and one other witness; and

No. 56 Nassau street, New York.

NORTH CAROLINA STATESMAN. THE undersigned propose, on the first day of January next, at Raleigh, North Carolina, to begin the publication of the North Carolina States.

Invited by many leading persons of the State

rights republican party to propagate and defend principles which we have always held, and regard as the only basis of prosperity in our form of gov-ernment, and inspired with a sincere desire to serve that party and advance its interests, we pro-pose to issue a paper at the seat of the State gov-ernment. In the field of editorial enterprise, there is ample room for those who are now holding po-sition, as well as for others, who choose to eater into fair competition. The propagation of the principles of our party is a duty at once important, and to us peculiarly agreeable. The attrac-tions of the editorial profession and its honorable toils, together with a desire to extend its influence. has had much weight in the decision which we have made—a profession at once dignified and elevated, where the highest intellectual gifts may find full employment, and the purest patriotism make contribution to the public weal. We are persuaded that a journal, conducted with fairness and discretion—uninfluenced by selfishness and devoted to principle, may secure sufficient patronge, without interfering with the claims or rights fany now prosecuting the same great work.

Although mainly deveted to the discussion of such political questions, as they arise, which affect the welfare of North Carolina, whether relating to the federal or State governments, or such local in-terests as may be of importance, it is nevertheless intended to make the Statesman a medium of general intelligence. Accordingly, the state of the markets in the principal cities, to which our commerce goes, shall be fully and accurately reported; nor will the attention of the conductors be less addressed to the subject of internal improvements, as a means indispensable to the development of the mineral and agricultural resources of the State These interests, of primary importance, shall al-ways command their fullest attention. To this they propose to add carefully selected and original literary matter. Being strictly conservative, they propose to avail themselves of all the lights of ex-

perience, in that progress, which promises the advancement of the interests of North Carolina. The general objects of the proposed paper being thus clearly indicated, it may not be amiss briefly to state the particular views which are to be sus

tained by it as a political journal. 1st. Our purpose being to publish a paper purely de-mocratic, according to the straightest requirements of that party, we shall advocate strict party organization in its fullest and most comprehensive sense; an organization which originates in the popular will, expressed by the people in their primary as-semblies, and which has been so successfully introduced among the democracy of many of the other States, by which the rank and file party are, in fact, those who indicate its decisions, and, being all brought into action, express their will imperatively; thus, by open and fair dealing, commanding respect and obedience; an organiza tion of the people, and not of intriguers; restoring power to those who, by sufferance, have tolerated

ts temporary usurnation. 2d. The democratic party shall always find in us advocates of their right to select their standard bearers, and to command acquiescence in decisions made by conventions fairly elected in their primary meetings. Standing upon the good ald State rights platform of '98, we shall oppose government corporations created by Congress for the purpose of internal improvement, the regulation of finance, or any other measure inconsistent with the rights of the States.

3d. Believing that the platform adopted by the late Baltimore convention contains the democratic creed, they expect cordially to sustain the present ministration, trusting that the policy adopted by those who compose it will be regulated by the cardinal doctrines of the American democracy.

4th. They will advocate all such measures of internal improvement as promise by judicious prose-cution to promote the interests of the people and diffuse the benefits of a system already enjoyed by

other soft he State.

5th. The disposition of the public lands being a question of the most absorbing interest, we believe it should be at once met and settled. The unjust and unequal legislation of Congress, in re-lation to those lands, and the large and frequent appropriations made to the new States, indicate a final departure from the old and wise policy of appropriating the proceeds of their sales to the payment of the public debt, and the expenses of the ment of the public debt, and the expenses of the government. It has for some time ceased to be either a subject of hope or expectation that there will ever be a return to a policy which had so much to recommend it. Believing that this system of squandering and prodigality is not only to continue but to grow worse, we shall pretest against it, and assert the right of the old States to their courtable share of the lands which remain their equitable share of the lands which remain. The power "to dispose of the public lands being explicitly declared in the Constitution, the exercise of that power is a question of policy, both as to the time and the mode." Believing, as we do. that it has become the settled policy of Congress to squander the public lands, we adopt the patri-otic language of Mr. Dobbin, and say that "all of North Carolina's sons, both whigs and demo-crats, should protest, and demand North Caro-

lina's share of the public domain.' 6th. Approving of the sentiments of the inaugural of the President, we shall oppose the acquisition of Cuba or any other foreign territory, unless such acquisition be in accordance with existing treaties, and entirely consistent with the national

DR. MORSE'S INVIGORATING CORDIAL, Phenomenon in Medicine.—Health Restored and Life Lengthened, by Dr. Morse's Invigorating Elixir or Cordial.

Invigorating Elixir or Cordial.

A T first the properties attributed to Professor Morse's Invigorating Elixir or Cordial were deemed fabulous. The public often deceived could not believe the simple and sublime truths announced by the discoverer. But facts, undeniable facts, attested by witnesses of the highest class and character, are now triumphing over all doubts. Incredulity is overthrown by a mass of testimony which is perfectly irresistible.

The Elixir remedies in all cases the deplorable evils arising from a misuse of the various organs which make up the wonderful machine called man. It restores to full vigor every delicate function connected with that mysterious compound agency of matter and mind, necessary to the re-

agency of matter and mind, necessary to the re-production of human life. To persons of feeble agency of matter and mind, necessary to the reproduction of human life. To persons of feeble muscular frame, or deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not confined to either sex or to any age. The feeble girl, the ailing wife, the listless, enervated youth, the over-worn man of business, the victim of nervous depression, the individual suffering from general debility, or from the weakness of a single organ, will all find immediate and permanent relief from the use of this incomparable renovator. To those who have a predisposition to paralysis, it will prove a complete and unfailing safeguard against that terrible malady. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let not even these despair. The Elixir deals with disease as it exists, without reference to causes, and will not only re-

without reference to causes, and will not only re-move the disorder itself, but REBUILD THE BROKEN CONSTITUTION The derangements of the system, leading to nervous diseases, and the forms of nervous disease itself, are so numerous that it would requir a column to enumerate the maladies for which this preparation is a specific. A few, however may be enumerated, viz: neuralgia tic-doloureux headache, incipient paralysis, bysteria, palpitation of the heart, spinal affections, muscular debility, tremors, flatulence, a pricking sensation in the flesh, numbness, torpidity of the liver, mental depression, weakness of the will, indisposition to move, faintness after exercise, broken sleep, and terrifying dreams, inability to remain in one place or position, weaking of the procreative organs, sexual incompetency, melancholy, monomania, fluor albus, sinking at the stomach, female irregularities, a chronic tendency to miscarriage, emaciation, and all complaints growing out of a free indulgence of the passions, and all barrenness that does not proceed from organic causes beyond the reach of medicine.

Whenever the organs to be acted upon are free from malformation or strictural diseases, it is

averred that MORSE'S INVIGORATING ELIXIR Will replace weakness with strength, incapacity with efficiency, irregularity with uniform and natural activity, and this not only without hazard of reaction, but with a happy effect on the general organization. Bear in mind that all maladies, wherever they begin, finish with the nervous system, and that the paralyzation of the nerves of motion and sensation is physical death. Bear in mind, also, that, for every kind of nervous disease the Elixir Cordial is the only reliable preparation the Elixir Cordial is the only reliable preparation

CURE OF NERVOUS DISEASES. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the diseased, debilitated, and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, revivined, and built up. The mental and physical symptoms of nervous disease vanish together under its influence. Nor is the effect temporary; on the contrary, the relief is permanent, for the cordial properties of the medicine reach the constitution itself, and restore it to its normal condition. Well may the preparation be called the

MEDICINAL WONDER Of the nineteenth century. It is, as the first sci-entific man in the world would have admitted, that miracle of medicine heretofore supposed to have no existence.
A STIMULANT THAT ENTAILS NO RE

ACTION.
Its force is never expanded, as is the case with opium, alcoholic preparations, and all other exci-tants. The effect of these is brief, and it may well be said of him who takes them: "the last state of that man is worse than the first." But the Elixir is an exhilarant without a single drawback—safe in its How To Know who THE HACKMAN IS.—All hacks re required to be licensed, and to have the number of their licenses to be rainted in block forces. operation, perpetual in its happy influence upon the nerves, the mind, and the entire organization; it will also remove depressions, excitement, a tendency to blush, sleeplessness, dislike of society, incapacity for study or business.

JOB CORSON. GAZETTEER OF THE UNITED STATES WILL POSITIVELY BE PUBLISHED in December, LUPINGOTE CONTROL VV in December, LIPPINCOTT, GRAMBO & Co's new and complete Gazetteer of the United States. Edited by T. Baldwin and J. Thomas, M. D.

With a new and superb map of the United States, engraved on steel.

The publishers take pleasure in announcing the completion of this, the most elaborate, comprehensive, and perfect Gazetteer of the United States that has ever issued from the press. In its preparation no considerations of expense or labor preparation no considerations of expense or labor have been allowed to interfere with a work designed to be as perfect as possible in every department, and in all of its detail. Nor have the successive issues of other Gazetteers, hurried through the press to claim the market, tempted the publishers to offer their book before all the ample census (of 1850) and other material in the hands of the editors were fully directed and seen hands of the editors were fully digested and accu-

rately arranged.

When the Gazetteer was first announced 800 pages, or at the most 900, were designed as the limit of the book. But so vast was the amount of matter, accumulated through the personal labors of the editors and their assistants, as well as of the editors and their assistants, as well as through the active efforts of several thousand correspondents in all parts of the United States, the work has swelled to near 1,300 pages. The amount of new matter which it contains, all of a recent character, is very large, and in many instances embracing statistics and populations to 1853. This gives it an intrinsic value over every other work of the kind in existence.

We therefore offer our Caractters confidently as

We therefore offer our Gazetteer confidently, as the only complete and thoroughly reliable Gazetteer of the United States yet published.

As above stated, the work is now ready, and will be published in December, 1853. Price to subscribers, \$3 50; to non-subscribers, \$4. N. B. Those having subscribers for the work will please forward their orders by the 1st of December, to LIPPINCOTT, GRAMBO & CO., Dec 18-#
